

CareFirst BlueCross BlueShield Medicare Advantage
 Preferred Drug List
 Medicare Part B Step Therapy
 January 2025

The CareFirst BlueCross BlueShield Medicare Advantage Preferred Drug List encourages utilization of clinically appropriate and lower net cost products within the following therapeutic drug classes. The listed preferred products must be used first before a non-preferred product can be covered. This step therapy requirement does not apply to plan members who are actively receiving treatment with listed non-preferred products.

Drug Class	Non-Preferred Product(s)	Preferred Product(s)
