Section 1–Introduction

This directory provides a list of CareFirst BlueCross BlueShield Medicare Advantage’s local network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage (EOC).

We have network providers for all services covered under original Medicare. The network providers listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory.

You may still receive covered services from out-of-network providers who do not have a signed contract with our plan, as long as those providers agree to accept our plan’s terms and conditions of payment.

You will find more information about plan payments and cost sharing in your EOC.

CareFirst BlueCross BlueShield Medicare Advantage may require members or their providers to obtain authorization from our plan as a condition for covering medically necessary services that are covered by our plan. If you have any questions about whether we will pay for any medical service or care that you are considering, you have the right to ask us whether we will cover it before you get the service or care.

Out-of-network providers are under no obligation to treat CareFirst BlueCross BlueShield Medicare Advantage PPO enrollees, except in emergencies. For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please contact our Member Service Department at 833-536-2001 8 a.m.–6 p.m., ET, Monday through Friday. TTY users should call 711.

You are covered both in and out of our network for all benefits, as long as you are treated by a provider who participates in Medicare.

The out-of-network provider should bill CareFirst and should not bill you. Should a provider bill you, you should not pay the bill but you should submit it to our plan for processing. Once we receive the itemized bill, we can process it and determine what your cost share will be.

Except for emergency care, we cannot pay a provider who is not eligible to participate in Medicare. If you go to a provider who is not eligible to participate in Medicare, you will be responsible for the full cost of the services you receive. Check with your provider before receiving services to confirm they are eligible to participate in Medicare.

Note that you may obtain emergency services from the closest available provider and you may obtain urgently needed services from any qualified provider when network providers are unavailable.

You will most likely pay more if you choose a provider out-of-network. Please review your EOC to validate your cost shares for out-of-network providers.

What is the service area for CareFirst BlueCross BlueShield Medicare Advantage?
